

ADAMS COUNTY FIRE RESCUE

Recreational Pit Safety Tips

- Ensure that all manufacturer's recommendations are followed.
- Fire pit must have a spark arrestor on it.
- Only use the recommended wood or wood-type products.
- Keep recreational fires 25 feet away from a structure or combustible material. Remove combustible materials inside the 25-foot diameter prior to igniting the recreational fire.
- Have someone monitoring the fire at all times until it is completely extinguished.
- Have a portable fire extinguisher, or other approved fire extinguishing equipment like dirt, sand or water hose, on-site and easily available for immediate use.
- Burning of overgrown vegetation, rubbish or trash is not allowed within the boundaries of ACFR.
- Open burning is only for agricultural burning of ditches and must have an issued ACFR permit.
